ORBITZ ELEVATORS REPAIRS ALL BRANDS

Our skilled technicians have the ability to service all types of original equipment including Otis, ThyssenKrupp, Schindler, Kone and Boral as well as any European, Chinese products and Non-proprietary products. We can ensure that you have peace of mind when considering an alternative to OEM repairs.

THE ORBITZ ELEVATORS DIFFERENCE

TECHNICAL SUPPORT & EXPERTISE

Our skilled and professional elevator technicians are recruited from both Australia and the broader elevator industry around the world with the technical ability to repair all types of original equipment. Our dedicated team are equipped with modern technical diagnostic tools and advanced experience to ensure your elevators performance and service reliability.

Our team has the technical knowledge and experience to ensure your elevator meets today's code compliant requirements for minimal costs.

24/7 LIVE CALL CENTRE

For urgent repairs our live call centre is available for any emergency situation on a 24/7 basis. We support our customers with a National 24/7 call centre with direct access to our technical team, enhanced services, spare parts and cloud based customer and supplier information.

AFFORDABLE REPAIRS

Orbitz Elevators is dedicated to providing repairs and code upgrades that are fairly priced. We understand that you want to maintain the value of your asset whilst ensuring its functionality.

Our customers benefit from non-inflated spare part and material pricing. We continuously review our pricing structure with our suppliers and pass on all savings straight to our customers. We believe in charging reasonable prices for regular elevator repairs, out of contract works and after hour callouts. Our pricing is competitive and below industry benchmark.
